OBJECTS OF THE INSTITUTION.

THIS Hospital has been established for the reception of Children suffering from Chronic and Incurable Disease, who are on that account excluded or discharged from General Hospitals. Although many of these patients are beyond hope of ultimate recovery, it is found that medical skill and careful nursing, together with good food and ventilation, such as cannot be obtained in the homes of the poor, will always greatly alleviate suffering; while some cases can be successfully treated, which, requiring for their cure a longer time than can be spared to them in General Hospitals, receive here continuous care for an indefinite period.

NOTE.

The Committee of the Cheyne Hospital desire to state that, owing to the special character of this Institution, it is not found possible to give "Letters of Recommendation" to those who kindly contribute to their Funds. Such Letters are practically futile, unless they carry a reasonable probability of early admission or relief: indeed they are worse than useless, because they would appear to give a promise which could not be fulfilled, and would thus lead to disappointment and misunderstanding. As the main object of the Cheyne Hospital is to undertake the continuous care and treatment of cases of deep-seated or incurable disease, which no General Hospital will accept, and to keep them for an indefinite period, it will be obvious that changes are very slow and vacancies few and far between. The *average* length of Patients' stay in the Hospital is now over two years; while many of the children remain for much longer periods. Subscribers are invited to write in reference to any case in which they may be interested, to the Secretary, who will at once, should it appear *primâ facie* eligible, forward a copy of Form of Medical Certificate, on return of which duly filled in, the Child's name will be added to the list for examination and admission as vacancies arise, and in accordance with the privileges of Donors and Subscribers, (p. 4.) More than this cannot in honesty be promised, and the Committee feel it due to their many and generous friends to make their position in this matter clear.

PRIVILEGES OF DONORS AND SUBSCRIBERS.

1.—Donors of not less than Fifty Guineas (£52 10s.) in one sum, and Annual Subscribers of Ten Guineas (£10 10s.) and upwards (during the continuance of such subscription) are thereby constituted Governors, and are entitled to attend and vote at the Annual Meeting of the Committee of Management, and to nominate one suitable case for admission annually, such cases having precedence on the list over those recommended by other Subscribers.

2.—All Annual Subscribers of One Guinea and upwards are entitled to recommend one suitable case annually, during the continuance of such subscription; such cases taking precedence on the Admission List over those not so recommended.

EXECUTORS.

One of the Executors of every person from whose estate a Legacy of Fifty Guineas or upwards shall have been received by the Hospital, shall be entitled to the same privileges as a Donor of Fifty Guineas.

LIFE COT ENDOWMENTS.

1.—A Donation in one sum of Three Hundred Pounds (£300) endows a Free Cot for the period of the life of the Donor, who is entitled to name it and to nominate eligible patients thereto as vacancies shall arise therein.

2.—A Donation in one sum of Two Hundred and Fifty Pounds (£250) endows a Half-Payment Cot for the period of the life of the Donor, who is entitled to name it and to nominate eligible patients thereto as vacancies shall arise therein.

Life Cot Endowments, ceasing upon the death of the Donor, may be converted into Permanent Cot Endowments by the payment within twelve months of the death of the Donor either by Bequest or otherwise, of the further sum of Seven Hundred Pounds in the case of a Free Life Cot Endowment, or of Five Hundred Pounds in the case of a Half-Payment Life Cot Endowment, free of Legacy Duty.

COT SUBSCRIBERS.

1.—An Annual Cot Subscription of Forty Pounds (or a Donation in one sum of One Thousand Pounds), entitles the Subscriber to name a Free Cot, and to nominate an eligible Patient as often as the Cot becomes vacant: no further payment being required on behalf of the occupant.

2.—An Annual Cot Subscription of Thirty Pounds (or a Donation in one sum of Seven Hundred and Fifty Pounds), entitles the Subscriber to name a Half-Payment Cot, and to nominate an eligible Patient as often as the Cot becomes vacant; the weekly payment of two shillings being required from the parents or friends of the occupant.

RULES FOR THE ADMISSION OF PATIENTS.

THE Hospital is devoted to the Treatment of the Children of the deserving Poor, suffering from Disease which is incurable or which requires for its permanent relief or cure a longer time than can be spared to such cases in General Hospitals.

1.—Such cases only are eligible for admission as have been rejected or discharged from a General Hospital, or can be shown to be unfit for treatment in such Hospitals.

2.—Cases of Cancer, Consumption, Epilepsy, Hydrocephalus, Mental Derangement or Deficiency, all infectious cases, and Cripples not requiring Surgical Treatment, are not eligible. Pauper Children (that is, Children to be paid for, either wholly or in part, by the Guardians, directly or indirectly) are also inadmissible.

3.—Children are admitted only between three and twelve years of age, those recommended by Governors and Subscribers taking precedence. Patients are not retained after the age of sixteen.

4.—The payment of Four Shillings a week is required from the Parents or Friends of the Patients.*

5.—No case will be put upon the List for Admission till Forms of Medical Certificate and Guarantee (to be obtained of the Secretary) have been duly filled in and signed by a qualified Medical Practitioner and responsible Guarantor respectively, and returned to the Secretary at the Hospital.

6.—The Committee reserve power to refuse the name of any Guarantor without reason assigned, or to require a Guarantor to furnish references for the necessary security to their satisfaction.†

7.—No Guarantee shall be withdrawn without one month's previous notice in writing to the Secretary of the Hospital.

8.—Applicants for admission, unless the Doctor shall certify to the contrary, may be required to be brought to the Hospital for Medical examination before they can be admitted.

9.—Any Child who has been admitted to the Hospital, but who subsequently proves unsuitable from any cause, may be discharged upon three days' notice, sent by post to the last furnished address of the parent or guardian. The expenses of removal must be in all cases defrayed by the parents or friends of the child.

10.—A certificate that the patient has not been suffering from any infectious disease, nor been exposed to infection, *must* be signed by a responsible person, cognisant of the facts, and be *brought with the child*.

11.—Any alteration in the address of the patient while awaiting admission should be at once notified to the Secretary.

* Certain Free and Assisted Cots have been founded for specially necessitous cases. Applications for vacancies in these must be accompanied by full particulars of the circumstances of the family; and it must be borne in mind that the Committee only occasionally have these Cots at their disposal.

† The Guarantor should be a house holder (or the wife of a house holder) rated at £40 or more per annum. Unless the parents make regular weekly payments at the Hospital, the Guarantor is requested to arrange to receive their contributions and remit the maintenance charge quarterly.

METHODS OF HELP.

The following means of assisting the objects of this Institution are set down for the information, and in response to the enquiries, of friends who may be willing to give practical support to its work.

COT ENDOWMENT.

The sum of **£1,000** endows a Free Cot in perpetuity, the Donor being entitled to name it and to nominate a child to it whenever a vacancy occurs, no payment being required on behalf of the patient.

The sum of **£750** endows a Half-payment Cot in perpetuity, the Donor being entitled to name it and to nominate a child to it whenever a vacancy occurs; the payment of two shillings a week being required on behalf of the occupant.

The sum of **£300** endows a Free Cot for the period of the Donor's life, and entitles the Donor to name it and to nominate a child to it as vacancies arise, no payment being required on behalf of the patient.

The sum of **£250** endows a Half-Payment Cot for the period of the Donor's life, and entitles the Donor to name it, and to nominate a child to it as vacancies arise, the payment of two shillings a week being required on behalf of the patient so nominated.

These Life Cot Endowments can be converted into Permanent Endowments upon the death of the Donor, either by bequest or otherwise. (See p. 4.)

COT SUBSCRIPTION.

An Annual Subscription of **£40** entitles the Subscriber (during its continuance) to name a Free Cot, and to nominate a child to it whenever a vacancy occurs, no payment being required on behalf of the patient.

An Annual Subscription of **£30** entitles the Subscriber (during its continuance) to name a Half-payment Cot, and to nominate a child to it whenever a vacancy occurs, the payment of two shillings a week being required on behalf of the occupant.

ANNUAL SUBSCRIPTION.

An Annual Subscription of **£10 10s.** and upwards constitutes the Subscriber (during its continuance) a Governor of the Hospital; such Governor being entitled to attend and vote at the Annual Meeting of the Committee and Governors, and to nominate one case annually; such child having precedence of admission over those recommended by other Subscribers.

An Annual Subscription of **£1 1s.** and upwards entitles the Subscriber (during its continuance) to recommend one child annually; such case taking precedence of admission over those not so recommended.

[The use of this Bank Order Form by those Subscribers to whom it may be convenient, saves a certain small amount of trouble, risk, and postage. When filled in, it should be returned to the Secretary, at the Hospital. Acknowledgments of payments received through Bankers are duly sent to the Subscribers.]

ASSISTANCE FOR SPECIAL CASES.

Some friends prefer to concentrate their interest upon one particular Cot or case. A few methods of doing this are suggested :—

- (1) The maintenance payment for a child at the Hospital is £10 8s. per annum, the actual *cost* of its support being about £54 per annum. In the majority of cases the parents are able, and ought, to pay some part of this sum, but help to a greater or less extent is often needed. The Secretary can always furnish details of cases requiring such help.
- (2) Assistance in finding suitable Homes for children requiring care and attention after leaving the Hospital, is frequently wanted by the Committee.
- (3) Contributions towards the purchase of instruments, carriages, &c., for discharged patients, and towards their maintenance at Nursing or other Homes, are always welcomed.

DONATIONS.

A Donation of £52 10s. in one sum constitutes a Life Governor of Cheyne Hospital. (For privileges see under Annual Subscription.) Contributions of any amount are gratefully accepted and acknowledged; and these unexpected gifts come sometimes with particular gratification at a time of special and depressing need.

GIFTS IN KIND.

Amongst the gifts which are **always specially welcome** are :—

Cast Linen of any kind; also Children's Clothing, Counterpanes, Blankets, &c. Game, Fresh Fruit and Eggs, New (*unbroken*) Toys, Jellies, &c., from table are much appreciated.

The Lady Superintendent will forward patterns of red and blue jackets, flannel vests, night-gowns, and holland pinafores to any friends who may be willing to provide some of these constantly-needed articles of clothing for the children, the large majority of whom are always confined to bed. Miss Elam would also be most grateful for some parcels of old linen or calico of *any* kind, a supply of which is daily required.

ENLISTING FRIENDS.

It remains to mention one method of help which is within the means of almost all, and which may prove as valuable as any.

While there are many who have real sympathy with such work as is here carried out, but who cannot afford direct support, there are many also who are strangers to Cheyne Hospital, but whose purses would be generously opened at a word of hearty *unofficial* pleading from a friend. In enlisting for our labours the interest of some of these, our present friends may be rendering the Institution a service which is none the less valuable because it is vicarious.

THE Committee have the pleasure of presenting their Annual Report, and it is satisfactory to find that the results of the past year's working compare favourably with those previously obtained.

On reference to the summary given on page 29, it will be seen that the number of cases *cured* during the year is four more than the average during the eighteen years ending June, 1906, and the number of *deaths* is one less than the average for the same period.

The following table gives a summary of the nature of the cases which have been treated during the year, and the results obtained:—

	Treated.	Discharged Cured.	Discharged Relieved.	Removed.	Died.	Remaining in Hospital.
Tuberculous Disease of Spine	32	4		1	5	22
Do. Hip -	11	1	1		1	8

Heart Disease - - -	2		1			1

Contraction of Knee Joint -	1					1
Amyloid Disease of Kidneys following amputation -	1					1
	71	11	3	1	6	50

The under-mentioned cases may be of interest as illustrating what can be effected by *time* and *skilful* treatment. Many other examples might be quoted, and it is satisfactory to

be able to record that letters are frequently received expressing the warmest thanks of parents and friends for what has been done for the children sent by them to the Hospital:—

“ L.H. was admitted in July, 1900, aged four years, suffering from Tuberculous disease of both elbows, both ankles, one finger on the right hand, and three fingers on the left hand. There were numerous sinuses discharging freely. The child's general condition was most unfavourable. Subsequently, glandular abscesses formed in both sides of the neck, and there were multiple ulcers of the scalp. For some time she had inflammation of both eyes. After six years' treatment, all the sinuses were healed, and in March, 1907, she was able to get up. The same year she was sent to Bournemouth, just able to stand and walk alone. A year later she returned looking well and strong, all the sinuses remaining healed. She walked well on the left foot, but the right one was so much deformed that an operation had to be performed. The result of this was satisfactory, and at the end of 1908 the child was discharged and walking well.”

“ R.W.G., aged ten years, was admitted in 1897, with disease of both hips of six-and-a-half years' duration. Excision of the left hip had been performed, but, on admission, eight sinuses were still discharging around the left hip, and two over the right hip. The liver was enlarged. After six years' treatment he was sent into the country in good general condition, walking with crutches, and with the sinuses soundly healed. The lad has kept perfectly well ever since, and is now able to walk for several miles. Through the kindness of a lady, he has, ever since he left this Hospital, been 'boarded out' in the country, and is now apprenticed to a tailor, and will, before long, be self-supporting.”

“ E.W., aged six years, was admitted in August, 1887, suffering from hip disease of nearly two years' duration. Four sinuses were discharging, and the child was in a very serious condition. After three-and-a-half years' treatment she had quite recovered, and was boarded out in the country. She has kept perfectly well ever since she was discharged from the Hospital in 1891. She was apprenticed to a dress maker, and has become self-supporting.”

“ W.E., aged six years, was admitted in April, 1904, suffering from infantile paralysis, of the lower extremities, since four months old. He had NEVER walked. After nearly five years' treatment in the Hospital, he was discharged walking well, with the aid of instruments and crutches.”

“ V.H., aged four-and-a-half years, was admitted in November, 1893, with Tuberculous disease of the left hip. After two years' treatment she was boarded out in the country for a year, and then discharged well. She was re-admitted in March, 1897, with disease of the right hip. The disease of the left hip being also again active, abscesses had formed. After another three years' treatment, she left the Hospital well, and was boarded out in the country for two years. During the eight years since she left the Hospital she has kept perfectly well, and is now self-supporting.”

There has been only one light case of an infectious character during the year, but prompt isolation prevented any spread of the infection. This is a matter for congratulation, considering the large amount of sickness which has been prevalent in many parts of town and country.

The Committee offer their sincere thanks to the Medical and Nursing Staffs for their continued and unremitting care of the patients during the past year.

An alteration has been made in the Rules for the admission of Patients which will allow of children being admitted between three and twelve years of age, instead of three and ten as heretofore. It has been found that many suitable cases have been rejected, because they have slightly exceeded the age limit, for whom it has been difficult to obtain treatment elsewhere.

Finance.

The Committee greatly regret that the list of Subscribers has been further reduced, owing to the deaths of several old supporters of the Hospital, and to the withdrawal of other Subscriptions.

The Donations received have also been much less than in previous years.

The Committee sincerely hope that there will be a considerable increase of support in the current year, as, owing to the projected establishment of the Country Branch, referred to below, there will be a large increase in the requirements if that work is to be carried on successfully.

The Expenditure has been about on the average of past years, and every care has been taken to keep expenses at as low a level as possible, compatible with efficiency.

The following Legacies have been received:—

The Executors of the late Miss Alice Mary					
Morgan	£200
The Executors of the late Mrs. Neild					
	...				£25

The sincere thanks of the Committee are due to Mr. and Mrs. M. Sinclair MacLeay, for the establishment of the "Alan MacLeay" Cot, in memory of their son.

It is with great regret that they have to report the withdrawal of the "Helena" Cot, which has been supported by Miss M. Sichel since 1889. The Committee desire to express their warmest thanks for this long continued support.

Miss Marcon, Miss E. A. B. Lindsell, Mrs. Pearson, and Miss Gibbes have again been most helpful in raising funds for their respective Cots, for which the Committee tender them their warmest thanks.

General.

The Committee are very pleased to be able to report that Miss Power has consented to join the Board of Management. Her long experience will be of the greatest value, more especially in connection with the establishment and management of the new Country Branch.

The alterations to Nos. 62 and 63 Cheyne Walk have been completed. The latter has been let, and No. 62 is now

occupied by the nursing staff. For the first time since the present Hospital buildings were erected, the nurses now have a good sitting room, and the night nurses are able to obtain their rest without disturbance by street noises. Extra accommodation has also been thereby secured for the isolation of any cases of doubtful illness amongst the nursing and household staffs.

Country Home.

For some time past the Committee have been considering the desirability of establishing a Branch Hospital in the country, for the treatment of convalescent patients, who, though not requiring constant medical treatment and nursing, are not really strong enough to be sent to their homes. There are also many cases from time to time which have been greatly benefited by their stay in the Hospital, but which require nursing under medical supervision rather than actual medical treatment. The discharge of such patients from this Hospital would make room for severer cases, and would obviate the necessity of their waiting so long for admission as has hitherto often been the case.

The Committee are pleased to be able to report that they have secured freehold premises at St. Nicholas-at-Wade (three miles from Birchington and six from Margate) on very reasonable terms, comprising a house and outbuildings, and about $1\frac{1}{4}$ acres of garden.

They are now planning certain alterations to and extension of the house which, when completed, will make it most suitable for the purpose required, and will admit of the treatment of 25 patients.

Acknowledgments.

The Staff of St. Luke's Church, Chelsea, have again most kindly given their services throughout the year, for which all concerned are sincerely grateful.

Thanks are also due to the many friends who have provided entertainments for the patients, and who have so kindly given their time to teaching and amusing them, as well as for the many gifts which have been received, which are specially acknowledged on another page.

Mrs. Henry Lucas has most kindly supported in the country one of the patients who was discharged some time ago.

The Lady Superintendent will be extremely glad to receive gifts of red jackets, nightgowns, &c., which are worn in the wards, patterns for which will be gladly supplied on application, and also for garments or clothing for the use of children when leaving the Hospital.

The following members of the Committee of Management retire at the Annual Meeting, in order of the seniority of their appointment, and are eligible for re-election thereupon, viz.: George Matthey, Esq., Lady Monkswell, and Mrs. Flower.

Signed on behalf of the Executive Committee,

COLIN C. SCOTT-MONCRIEFF, *Chairman*

LEONARD F. HARRISON *Treasurer.*
